INDEX.

A

Abdomen, pendulous, complicating rachitic pelvis, 307
Abortion, inevitable, 455
Abscess, subphrenic, 136
Acidosis in operative surgery, 296
Acrodynia, 140
Adenitis, treatment of, by roentgen rays and radium, 90
Adenomyoma of the uterus, 424
Adler, F. H., basal metabolism estimations in goiter, 10
Agglutinization in influenza, 756
Alastrim, experiments on, 778
Allen method of treatment of diabetes mellitus, 62
Amaurosis, 770
  provoked by lightning, 772
Amblyopia, 770
Amyotonia congenita, 453
Anderson, H. B., observations on the use of arsphenamin, 80
Anemia, pernicious, 668
  treatment for syphilis in severe, 633
Ankle and foot deformities, 914
Anopheles and sea-water, 779
Anthrax, treatment of, by serum therapy, 406
Antimeningococcic serum, tropin reactions of, 151
Appendicitis in early life, gynecological significance of, 148
  experimentally produced, 705
Appendix vermiformis, hemolytic streptococci of, 465
Arnett, J. H., occupational therapy in civil life to cases presenting paralysis, contracture, fibrosis or lack of coördination, 73
Aromatic fumes, antiseptic action of, 309
Arsphenamin, fake, 780
  or neoarsphenamin in syphilis, 449
  use of, 80
Arteritis complicating pneumonia, 157
Aschner, P. W., an auscultatory sign observed in acute abdominal diseases 712
Asthma, 802
Atrioventricular dissociation, congenital, 453
Atropin in ophthalmology, 773
Auricular fibrillation, 812
  and flutter, 13
Auscultatory sign observed in acute abdominal diseases, 712

B

Bacillus botulinus, spores of, 309, 466
  influenzæ, infection following injection of, 308
  paratyphosus B infection, 760
  typhosus in bile, viability and growth of, 621
Backache, gynecologic, 463
Bacteria on subsidiary coins and currency, 585
Bacteriologic studies of the upper respiratory passages, 623
Baehr, G., periarteritis nodosa, 162
Balantidium coli, 668
Banzhaf, E. J., lethargic encephalitis in its relation to poliomyelitis, 715
Barringer, Jr., T. B., physical exercise in heart disease, 103
Barron, M., lead poisoning, 833
Bass, M. H., leukemia in children, 647
Bassler, A., the Meltzer-Lyon method of draining the biliary system, 674
Beer, E., chronic tuberculosis of the kidney, 736
Behan, R. J., suppurative appendicitis experimentally produced, 705
Bibb, L. B., lowered resistance following exposure to lowered temperature, 258
Bile ducts, injury to, 447
Biliary system, Meltzer-Lyon method of draining the, 674
Bladder, suprapubic drainage of, 445
Bloedorn, W. A., meningococcus septicemia, 881
Blood changes in a gastrectomized patient, 201
  moisture and ash of maternal and fetal, 458
  study of, and its circulation in infants, 609
  volume in infants, 763
Blood-pressure in aortic incompetence, 758
Blumgarten, A. S., diagnosis of primary lung tumors, 376
Boggs, R. H., treatment of tuberculous adenitis by roentgen rays and radium 90
Botulism in cattle, 309
  and spoiled canned food, 929

INDEX.

A

Abdomen, pendulous, complicating rachitic pelvis, 307
Abortion, inevitable, 455
Abscess, subphrenic, 136
Acidosis in operative surgery, 296

Beer, E., chronic tuberculosis of the kidney, 736
Behan, R. J., suppurative appendicitis experimentally produced, 705
Bibb, L. B., lowered resistance following exposure to lowered temperature, 258
Bile ducts, injury to, 447
Biliary system, Meltzer-Lyon method of draining the, 674
Bladder, suprapubic drainage of, 445
Bloedorn, W. A., meningococcus septicemia, 881
Blood changes in a gastrectomized patient, 201
  moisture and ash of maternal and fetal, 458
  study of, and its circulation in infants, 609
  volume in infants, 763
Blood-pressure in aortic incompetence, 758
Blumgarten, A. S., diagnosis of primary lung tumors, 376
Boggs, R. H., treatment of tuberculous adenitis by roentgen rays and radium 90
Botulism in cattle, 309
  and spoiled canned food, 929

Botulism at St. Anthony's Hospital, Oakland, Calif., 310
Bowen, B. D., functional disturbances, 790
Boyd, W., sequelæ of epidemic encephalitis, 248
Brehmer, H. E., occupational study of syphilis, 572
Bunting, C. H., leukocytic picture in influenza, 1
Butter fat and the child weight, 452

C

Cadwalader, W. B., poliomyelitis and lethargic encephalitis, 872
Calcium acetyl salicylate, administration of, 917
in the blood of children, 761
Canavan, M. M., edema of the glottis in obscure deaths, 273
Cancer of the cervix, 769
control, problem of, 615
in retained cervical stump, 617
of the stomach, 862
Carbon monoxide poisoning, 448
Cardiospasm associated with dilatation of the esophagus, 313
Cattle, botulism in, 309
Cell-counting technic, 526
Cervix, cancer of, 769
Cesarean section in its classical form, 142
influence of, upon fertility of patients, 144
Chemistry of the body in diseases of the skin, 698
Children, graduated exercise in normal, 298
Cholecystectomy, indications for, 606
Colectomies for intestinal stasis, 295
Common colds, bacterial flora in, 291
Corpus luteum extract, 769
Cysticocholedochostomy, 294

D

Darmstadter, H. J., immune bodies in lobar pneumonia, 696
Defects, physical, in children, 920
Deformities of foot and ankle, 914
Dental clinic for children, 299
Dermatitis and syphilis, 757
Dermatosis among printers, 778
Diarrhea, infectious, 916
Diphtheria antitoxin, anaphylaxis following administration of, 310
effect of, in preventing lodgment of diphtheria bacillus in nasal passages of animals, 454
avirulent, bacilli, 136
Diphtheria bacilli in the body of the mother infecting the child, 611
and diphtheroids of adenoids and tonsils, 623
carriers, treatment with mercurochrome, 466
and wound diphtheria, 465
Diabetes mellitus, 828
Allen method of treatment of, 62
fat diet in, 756
and the negro, 226
Diabetic diets, vegetable problems in, 498
Diaphragm, eventration of, 325
Differentiation between meningococci and agglutinins, 152
Digitalis, dosage of, in children, 231
Disturbances, functional, 790
Douglas, J., acute pancreatic necrosis, 687
Doyle, J. B., clinical observations of Hodgkin's disease, 516
Drugs, action of, in infection, 918
Duodenal obstruction, chronic, 446
Dystrophy in infants, 138

E

Edema of the glottis in obscure deaths, 273
Elbow, fractures of, in children, 914
Electrocardiogram in normal children, 918
Empyema, experimental streptococcus, 619, 620
in infants and young children, 609
treatment of, with gentian violet, 397
Epilepsy, luminal in, 140
treatment of, 449
Encephalitis, acute cerebellar, 781
encephalitic, 872
epidemic, 153
immunologic distinctions of, 312
lethargic, 715
lethargica, transmission of, to a monkey, 621
sequelæ of epidemic, 248
striatal and thermal types of, 481
Endocarditis, malignant tricuspid, 556
Enterostomy in treatment of intestinal obstruction, 446
Eventration of the diaphragm, 348
Exophthalmic goiter, 290
Expulsive period of labor, insertion of round ligaments during, 613

F

Fat diet in diabetes mellitus, 756
Feeble-mindedness in neurosyphilis, 918

Femur, splint for fractured, 294
Fibrillation, auricular, 812
Finney, J. M. T., pylorospasm in adults, 469
Food requirements of children, 760
Foot and ankle deformities, 914
the, in walking, 913
Foucar, H. O., effect of treatment for syphilis in severe anemias, 633
Framingham demonstration, four years of, 155
Frazier, C. H., basal metabolism estimations in goiter, 10
Friedenwald, J., pylorospasm in adults, 469
Functional disturbances, 790
Funk, E. H., eventration of the diaphragm, 325

G

Gall-bladder disease, 95
and ducts, operations on, 137
Gambusia, application of, for mosquito control in the South, 624
Gastric chyme, acid concentrations in, 291
Gastroenterostomy in ulcer of stomach and duodenum, 293
Gehrung pessary for cystocele, 459
Goiter, basal metabolism estimations in, 10
Goldstein, H. I., meralgia paresthetica, 720
Gonococcus types I, 926
Gray, H., cell-counting technic, 526
Griffith, J. P. C., acute cerebellar encephalitis, 781
Guinea-pigs, tuberculosis in, 777
Guthrie, J. B., classification of rales, 372

H

Habein, H. C., lead poisoning, 833
Hallux valgus rigidus and malleus, 293
Hand, A., defects of membranous bones, exophthalmos and polyuria in childhood, 509
Hartman, H. R., blood changes in a gastrectomized patient simulating those in pernicious anemia, 201
Head, G. D., acute arteritis complicating pneumonia, 157
Heart disease, exercise tolerance of children with, 92
physical exercise in, 103
irregularities of, 49
irregularity called sino-auricular block, 575
Hemeralopia, 770
Hemorrhage, antepartum, 766
control of, by calcium chloride, 759
leukocytes after, 40
Hernia, amniotic, 143
Hirsch, I. S., morphology of the heart in relation to habitus, 892
Hodgkin's disease, clinical observations of, 516
Hospital statistics, 916
Human botulism, bacteriologic diagnosis of, 624
Hunt, J. R., striatal and thermal types of encephalitis, 481
Hydrocephalus, idiopathic, 135
internal, in a syphilitic, 209
Hypopituitarism, 453

I

Immune bodies in lobar pneumonia, 696
transmission of, from the mother to the young, 463
Infants, premature, calcium metabolism of, 450
Influenza, agglutination in, 756
as a factor in latent tuberculosis, 755
leukocytic picture in, 1
patients, nasopharyngeal secretions from, 310, 467
Inlow, W. DeP., spleen and digestion, 325
Insanity, syphilis as a cause of, 149
Intestinal obstruction, 443
Intubation and visualization of the duodenum, 385
Intussusception, resection of intestine for, 295

J

Jaundice after salvarsan, 292
Johnston, J. I., streptococcus hemolyticus empyema, 206
Joints, manipulation of stiff, 913

K

Kahn, M., chemistry of the body in diseases of the skin, 698
Keidel, A., hydrocephalus in a syphilitic, 209
Kennedy, F., pathways of infection in the nervous system, 625
Kidney, tuberculosis of the, 736
Koranyi's phenomenon, 289
Kuehner, H. G., recurrent adenomyoma of the uterus, 424

L

Labor, induction of, by Champetier de Ribes bags, 144
Lactic acid milk, 139
Lambright, G. L., urticaria, classification of types and its causes, 183
Larkin, J. H., lethargic encephalitis in its relation to poliomyelitis, 715
Laundry processes as a means of destroying vermin, 930
Lead poisoning, 833
Lemann, I. I., diabetes mellitus, syphilis and the negro, 226

Lemon, W. S., clinical observations of Hodgkin's disease, 516
Lethargic encephalitis, 715
Leukemia in children, 647
Leukocytes after hemorrhages, 40
Leukoplakia of the pelvis of the kidney and the ureter, 775
Levin, O. L., chemistry of the body in diseases of the skin, 698
Linthicum, F. H., ozena and its relation to tuberculosis, 216
Logan, A. H., balantidium coli and pernicious anemia, 668
Luckett, W. H., the Meltzer-Lyon method of draining the biliary system, 674
Lung, mononuclear phagocytes of the, 927
Lutz, J. R., the Meltzer-Lyon method of draining the biliary system, 674
Lymphadenitis, primary pelvic, 461
Lyon, Jr., M. W., meningitis in an infant due to a diphtheroid organism, 593

M
